Company Overview

DPS is a Company, active in the oil and gas sector since 2001, providing integrated oil fields services and supplies to oil and gas companies, sales of crude and refined products, mining and consultancy.

Mission, Vision, and Core Values

Mission

To deliver safe, efficient, and cost-effective oilfield services to operators across Sudan, the Middle East, and Africa.

Vision

To be the benchmark for technical excellence in oilfield services throughout Sudan, the Middle East, and Africa.

Core Values

- **Safety First:** A steadfast "Zero Harm" culture embedded in all field operations.
- **Technical Excellence:** Uncompromising adherence to API and ISO international standards.
- **Integrity:** Transparent reporting and ethical business conduct.
- **Local Empowerment:** Prioritizing the development and advancement of the Sudanese technical workforce.
- **Reliability:** Maximizing equipment uptime and delivering consistent, high-efficiency service.

Our Commitment to Our Clients

- Meeting your needs with high professionalism through well-trained, qualified staff.
- Working on simplifying processes and reducing service delivery times to improve quality and speed.
- Welcoming your feedback, suggestions and impressions through multiple channels.
- Supporting your business at every step of the way.
- Quality comes from passion for creating excellence.

Oil Fields Services

1 Workover Services

With well-trained and highly qualified manpower, carefully selected rig equipment and a respectable history in serving its clients, (DPS) is committed to not only meet but exceed customers' expectations.

2 NDT Inspection & Repair Services

Integrated solutions for oil & gas tubular goods inspection and allied services. DPS has been awarded all major tubular inspection contracts in Sudan. DPS is an ASNT member.

3 Wireline Logging Service

Full wireline logging unit with Special high quality and advanced technologies Tools manufactured by the leading manufacturers worldwide to cover most of oil fields operating companies requirements. And deliver high quality and reliable service.

4 Supply and Services of Wellheads and X-Trees

Comprehensive supply, installation and servicing of wellheads and X-mas tree equipment to API specifications.

5 Construction, Cleaning and Maintenance of Oil and Gas Storage Tanks

Full turnkey service for storage tank construction, cleaning, internal/external inspection and maintenance.

6 Drilling and Fishing Tools

Full range of drilling and fishing tool supply and rental services.

7 Excavation Works for Pipeline Projects

Civil excavation and backfill works for pipeline projects including trenching and pipe laying support.

8 Directional Drilling Services

MWD/LWD directional drilling services with full downhole tool support.

9 Machine Shops

Precision machining and fabrication services for oilfield components.

10 Heat Exchangers — Inspection, Cleaning and Repair

Full service inspection, tube bundle cleaning, hydroblasting, and repair of heat exchangers and pressure vessels.

11 Consultancy Services for 2D/3D Seismic Operations

Technical consultancy for seismic survey design, acquisition support, and data processing using MESA 3D design software and full seismograph capability.

Artificial left

Workover Rigs Services

At DPS, we understand that maintaining optimal production levels and extending the productive life of a well are critical priorities for oil and gas operators. Our dedicated Workover Rigs Services division provides the vital mechanical interventions necessary to repair, maintain, and enhance existing wells after initial completion.

By choosing DPS for well interventions, operators can effectively breathe new life into aging assets, minimize downtime, and maximize their existing resources through safe, efficient, and reliable maintenance operations.

Our Assets

DPS operates a versatile fleet consisting of two primary workover units, offering the flexibility to match rig power to specific job requirements:

- **1 - 650 HP Workover Rig:** A heavy-duty unit designed for more demanding intervention programs, deeper wells, and higher hook load operations.
- **1 - 450 HP Workover Rig:** A highly mobile and efficient unit suited for medium-depth wells, artificial lift servicing, and standard maintenance tasks.

NDT Department

DPS is a one-stop source providing integrated solutions for Oil & Gas Tubular goods inspection and allied services.

DPS provides its services to Sudanese Oil & Gas Operating companies, having been awarded all major tubular inspection contracts in Sudan.

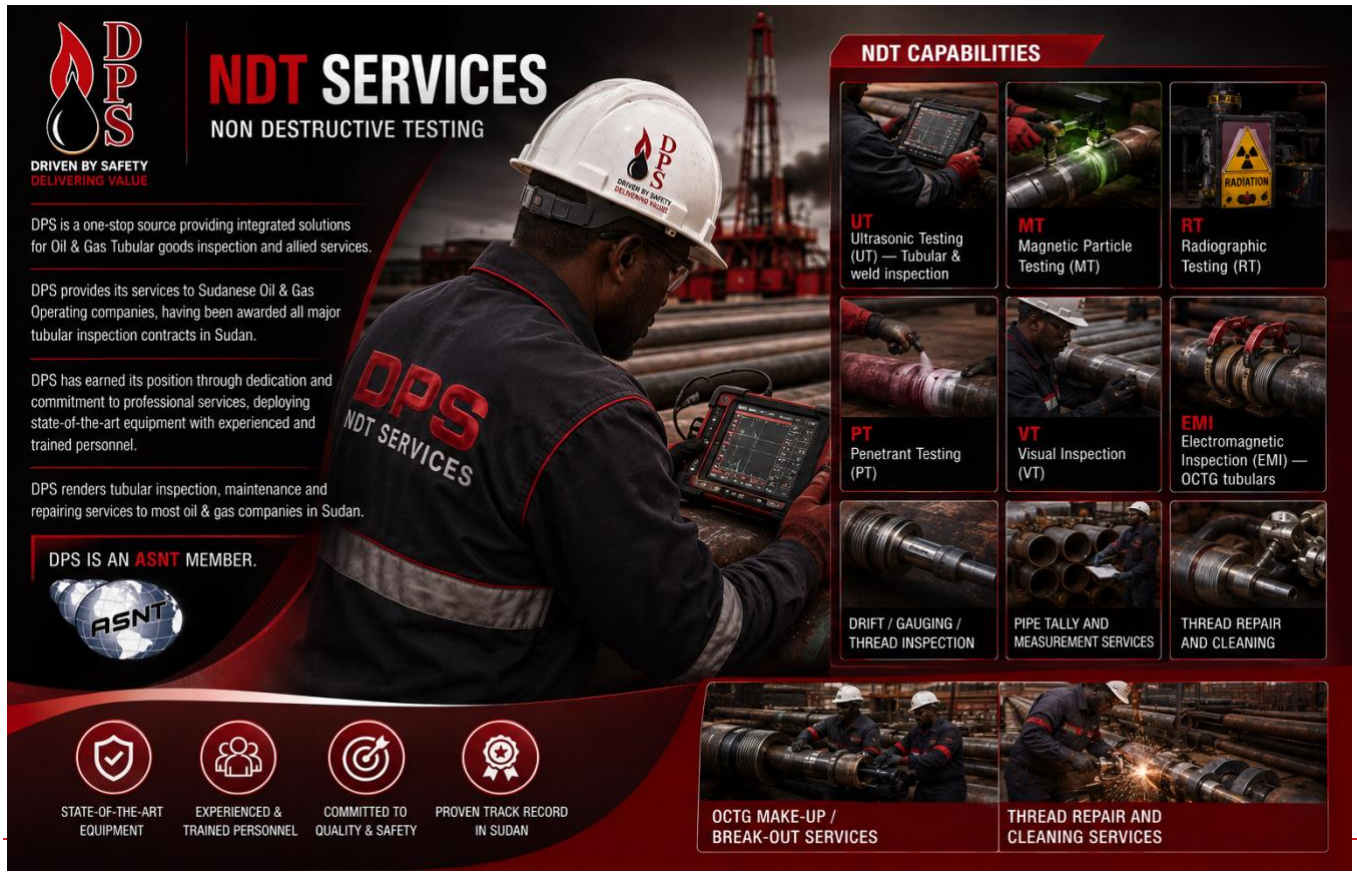

DPS has earned its position through dedication and commitment to professional services, deploying state-of-the-art equipment with experienced and trained personnel.

DPS renders tubular inspection, maintenance and repairing services to most oil & gas companies in Sudan.

DPS is an ASNT member.

NDT Capabilities

- Ultrasonic Testing (UT) — Tubular & weld inspection
- Magnetic Particle Testing (MT)
- Radiographic Testing (RT)
- Penetrant Testing (PT)
- Visual Inspection (VT)
- Electromagnetic Inspection (EMI) — OCTG tubulars
- Drift / Gauging / Thread Inspection
- Pipe tally and measurement services
- Thread repair and cleaning
- OCTG make-up / break-out services

Field of Supplies

DPS also works in the field of supplies, providing a comprehensive range of oilfield and industrial products to oil operators and construction companies across Sudan.

1 Tubular Supplies

Casing, line pipe, tubing and pup joints — all grades and sizes to API 5CT specifications.

2 Corrugated Pipes

Full range of corrugated steel and HDPE pipes for infrastructure and drainage projects.

3 Sand Control Screens

Wire-wrap and pre-packed screens, and associated completion equipment.

4 Drilling Bits

Tricone roller bits, PDC bits and specialty bits from leading manufacturers.

5 ESP & PCP Pumps

Electrical submersible pumps and progressive cavity pumps with associated variable speed drives and controls.

6 Switch Gears, Cables, Motors and Electrical Panels

Medium and low voltage switchgear, armoured cables, electric motors and custom control panels.

7 Fittings & Hoses

Full range of pipe fittings, flanges, hoses and connectors for oilfield and industrial applications.

8 Miscellaneous Spare Parts

Valves, gauges, downhole tools, wellhead accessories, cement accessories, swab cups and general spare parts.

Field of Consultancy

DPS is co-operative with international consultancy companies in civil, mechanical and electrical projects, providing technical consultancy and project management support across multiple disciplines.

- Civil infrastructure and construction projects
- Mechanical engineering and equipment installation
- Electrical systems and power projects
- Pipeline construction and tie-in services
- Tank farms and storage facilities

Crude Oil & Refined Products

DPS is a registered broker for selling Sudanese crude oil and refined products to international markets, with established relationships with international trading companies and end-buyers.

- Registered broker — Ministry of Energy and Mining, Sudan
- Sudanese crude oil trading to international markets
- Refined products: white products, fuel oil, LPG
- Shipment coordination and logistics management

Mining

DPS works in the field of mining and holds concessions for gold, iron ore and chromite. The company co-operates with several companies from China and other countries in the development and operation of mining projects.

- Gold mining concessions — Sudan
- Iron ore concessions
- Chromite mining — export operations
- Co-operation with international mining partners (China and other countries)

Company Quality Policy

Our objective is to identify, integrate, and support best-in-class constructive solutions and supply services with quality, speed and flexibility.

The policy of Danfodio Petroleum Services Co. management is never to deviate from the established quality procedures and to meet exceptional client product demand, ensuring full specification compliance.

Through teamwork, every member of the company maintains a specific role in the continual improvement of the effectiveness of the quality management system.

The quality policy is implemented through ISO 9001:2000 and compliance with management principles — this is the foundation of our company's customer satisfaction commitment.

Osama Al-Amin Mohamed Ali
General Manager

Projects Completed — Track Record 2005–2013

The following tables present a selection of projects completed by DPS across its service and supply lines, demonstrating the company's depth of experience with Sudan's major oil and gas operators.

PROJECTS COMPLETED DURING YEAR 2005

No.	Location	Scope of Work	Client	Value USD	Start	End	Remarks
1	Port Sudan	Supply of 10-3/4" / 13-3/8" Wellheads & X-mas Tree Equipment	APCO	282,059	01-Aug-05	15-Nov-05	
2	Port Sudan	Supply of QCI-P3000 Wellhead Penetrators	PDOC/SOLAR ALERT/WNPOC	360,000	20-Sep-05	30-Oct-05	
3	Port Sudan	Casing 7"×29 ppf, L80, PoleSeal (VAM) Conn.	APCO	1,300,000	16-Jun-05	15-Sep-05	
4	Port Sudan	Block (3,7) Pipeline Civil works	PDOC	3,600,000	15-Mar-05	14-Sep-05	Sub-Contractor 360 KM P/L
5	Port Sudan	Casing 9-5/8"×53.5 ppf, P110	APCO	1,018,516	23-Jun-05	31-Aug-05	
6	Port Sudan	Block (6) Pipe line	CNPCIS	4,400,000	26-Jun-04	23-Jul-05	Sub-contractor 200Km civil
7	Port Sudan	Supply BUBBHALL – Prefabricated Warehouses	APCO	46,902	20-Apr-05	28-Jun-05	
8	Port Sudan	Casing 9-5/8"	SUDAPAK	130,000	16-Apr-05	15-Jun-05	
9	Port Sudan	Supply Install & Service – HOT-HED – Wellhead pre-heat weld installation	APCO	145,000	12-Mar-05	01-Jun-05	
10	Port Sudan	Supply JW AUTOMARINE – Collapsible Lay-flat Fuel/Water Tanks	APCO	32,750	20-Apr-05	03-May-05	
11	Port Sudan	Supply 200 MT – Hydrochloric Acid	Khartoum Refinery	68,782	05-Jan-03	04-Feb-03	
12	Port Sudan	Supply DELL Power Edge 2600 XEON Servers & Optiplex Computers	PDOC	49,450	10-Sep-02	09-Oct-02	
13	Port Sudan	Supply 211 MT – Hydrochloric Acid	Khartoum Refinery	72,857	30-Jun-02	29-Jul-02	
14	Port Sudan	4 Pump Stations + Control Room	GNPOC	7,000,000	02-Oct-97	01-Oct-98	
15	Khartoum	FOSROC CHEMICALS sales	Various Civil Companies	310,000	1/1/2005	31/12/2005	

PROJECTS COMPLETED DURING YEAR 2006

No.	Location	Scope of Work	Client	Value USD	Start	End	Remarks
1	Port Sudan	Casing 18-5/8", 87.5 PPF, K55	GNPOC	2,975,000	18-Apr-06	Dec.2006	
2	ADAR YALE	Supply of 16" FBE Coated Line Pipe	PDOC	1,967,400	03-Jul-06	30-Oct-06	
3	Port Sudan	Supply of Wellheads & X-Mas Tree Equipment	WNPOC	4,870,950	29-Jun-06	28-Jan-10	
4	Port Sudan	Casing 13-3/8", 9-5/8", 7" & 4-1/2" (various Sizes)	WNPOC	1,220,935	25-Sep-06	Feb.2006	
5	THAR JATH	Casing 13-3/8", 9-5/8", 7" & 4-1/2" (various Sizes)	WNPOC	5,100,000	11-Dec-05	03-Oct-06	
6	Port Sudan	Tubing 3-1/2", 12.95 PPF, P110	APCO	137,500	30-Jul-06	10-Sep-06
